# What Makes Our Shilajit Different?

Derived from the remains of a privately owned prehistoric rainforest reserve in North America, **LeafSource® SHILAJIT** offers a **purier, more potent** form than its Himalayan counterparts.

**LeafSource® SHILAJIT** has one of the highest percentages of **Fulvic Acid (70%) - guaranteed!**

## How Shilajit Forms in Nature

## Fulvic Acid

Fulvic acid is the **key active** molecule in Shilajit, and it plays a pivotal role in the supplement's widespread recognition and health benefits.

**LeafSource® SHILAJIT contains 70% Fulvic Acid - considered one of the highest percentages for Shilajit.**

Third-party tested for heavy metals and microbials, **cold water extracted and 100% plant based.**

**guaranteed to be the best shilajit you'll ever try**

## Why take Shilajit?

**North American Shilajit** is a natural boost for strong bones, packed with minerals and **fulvic acid** that help your body absorb the nutrients it needs. Not only does it **support bone health**, but it also enhances the absorption of crucial nutrients, promoting overall wellness. **LeafSource® SHILAJIT** helps you **maintain an active, vibrant lifestyle**, making it a great addition to your daily routine.
