

STRESS COMPLEX

A Proven Stress Formula That Effectively Reduces Stress Fast.

Introducing an innovative stress solution that combines the holy trinity of three proven plant-based ingredients: **Sensoril® Ashwagandha** (highest actives 10% withanolides *from* whole plant) over 2x's stronger than ksm66, **Cordyceps**, and **Panax Ginseng** (with 7% ginsenosides) - to effectively **manage stress** and optimize overall health. The synergy of these three ingredients are further enhanced with our proprietary **Humic-Fulvic Acid Complex** in order to increase bioavailability of all ingredients.

This powerful combination is **clinically proven** to help the body adapt to stress by regulating the production of stress hormones such as cortisol, supporting healthy adrenal function, promoting a sense of calm, and enhancing overall resilience to stress. **LeafSource® Stress Complex** provides comprehensive support to help you effectively manage stress and promote balance throughout your body.
